# Fly Tipping

Recently we have seen an increase in rubbish left in public places.

It is unsightly, it can be dangerous. We hate it.

## The Law

Fly-tipping is the illegal dumping of waste, and it's a serious criminal offence. Whether it's one black bin bag or construction waste, fly-tipping is against the law, and carries fines of up to £50,000 or twelve months imprisonment.

If you see fly-tipping, it's important to report it, so that the waste can be collected and so that investigations can take place.

Watford Borough Council undertake criminal investigations into fly-tipping on public and private land, and will consider prosecution when there is evidence.

It also causes obstructions, and can be a trip hazard. If someone does trip and injure themselves your household insurance is unlikely to cover such claims.

## How to dispose of rubbish

If you have unwanted household items, instead of leaving them outside your house - an example of fly-tipping - you can dispose of them safely at a Household Waste Recycling Centre. Putting your unwanted items outside your house to be taken by a passer-by or a scrap metal collector is illegal.

Please take your unwanted items to your nearest recycling centre:

Waterdale Household Waste Recycling Centre

St Albans Road

WD25 0PR

Open Monday – Wednesday 10am – 6pm (closed Thursday & Friday)

Saturday 8am – 6pm, Sunday 10am – 6pm
